

HELP BRING EVERYONE HOME SAFELY

GIVE A FIRST RESPONDER THE ADK 3 - IN 1 ICE RESCUE TOOL TO HELP SAVE LIVES!

What is the ADK - 3 in 1 Ice Rescue Tool?

The ADK - 3 in 1 Ice Rescue tool is built and engineered for ice rescue professionals. It is, at its core, a life saving piece of equipment every first responder that deals with ice rescue situations need to have. It allows them to quickly and efficiently bring the person that has fallen through the ice home. It also ensures the first responder is secured throughout the process. The ADK - 3 in 1 is made in Northern Michigan and was designed with the help from first responders. It helps the rescuer measure the ice they are working on, spud holes through the ice, to anchor themselves and a safety line into, and an anchoring system for ice rescues.

What is the CARE Program?

Bohning, the manufacturer of the ADK - 3 in 1 Ice Rescue Tool, is committed to getting our life saving piece of equipment into as many first responders hands as possible. We created the CARE (Community Angel Rescue Effort) Program to facilitate donations between organizations like yours and first responders in need. We will work hand-in-hand with you to purchase, deliver, and celebrate your donation to the first responders of your choice! Bohning has created discounts for donated tools, certificates of appreciation, and press-releases to help celebrate your donation.

Call us at **1-800-253-0136 ext. "0"** Monday - Friday 8am - 4pm EST

NOTE: Our offices will be closed between Christmas and New Years.

We will begin shipping ADK's out on January 3rd, 2024.
