

# ADK - 3 IN 1 ICE RESCUE TOOL COMPLETE DUAL ANCHOR KIT

This product is our recommendation for the most complete Ice Rescue System on the market today. It includes everything needed for a single first responder to safely secure themselves and set a second anchor to help in the rescue of someone that has fallen through the ice.

## ADK - 3 IN 1 COMPLETE DUAL ANCHOR KIT

The ADK - 3 in 1 Complete Dual Anchor Kit comes with an additional Upper Spud Handle / Ice Anchor. This allows the rescuer to anchor themselves close to shore and spud out to a potential victim, spud a new hole and place the second anchor to use pull the victim out of the ice. This kit also comes with 2 - 75' Floating Water Rescue Throw Bags, 3 Heavy Duty Carabiners, and a Heavy Duty Harness. The tool roll has an additional clasp inside one of the pockets to hold the second Spud Handle / Ice Anchor and 2 extra cinch sticks securely.
